ABOUT ME

Adaptable, tech-literate Virtual Assistant and Customer Support Specialist with 4+ years of experience managing digital operations, client communications, and technical troubleshooting. Proven track record of handling multi-channel inquiries, maintaining high accuracy in digital records, and integrating AI tools to streamline day-to-day administrative workflows. Fluent English communicator committed to rapid response times, inbox organization, and reliable remote collaboration.

WORK EXPERIENCE

Client Operations & Digital Support Specialist

Perpetual Dev.
2023 - Present

- Acted as the primary point of contact for small business clients, handling daily communications, onboarding, and platform support.
- Managed incoming client inquiries, bug reports, and service requests across email and chat, troubleshooting user-facing issues to resolution.
- Integrated third-party APIs, payment gateways, and web apps to automate client administrative workflows and reduce manual tasks.
- Drafted clear, step-by-step SOPs and platform walkthroughs to onboard non-technical business owners onto digital tools.

Field Data & Customer Research Officer

Brickfield Road Associates.
November 2025 – July 2026

- Conducted high-volume structured surveys and interviews across diverse demographics, maintaining verified data accuracy and meeting strict daily quotas.
- Utilized mobile survey and data collection tools to record, validate, and synchronize records in real-time, resolving field discrepancies on the spot.
- Handled client inquiries and respondent objections with professional, de-escalating communication to maintain high survey completion rates.

EDUCATION

Bachelor of Arts (B.A.) in Philosophy

University Of Lagos
2018 - 2024
